Jr. College Day Classes Open 'Til Mon.

College students who plan to go to day classes at Palm Beach Junior College this fall were warned today by Registrar Elbert E. Bishop that applications must be made by 3:00 p. m., Monday, July 25.

"The main application form must be filled out, signed and in our hands by 3:00 p. m.," Bishop said. As far as I am concerned, there will be no exceptions. "Students are then allowed an extra week, until 3:00 p. m. Aug. 1, to file the supporting documents. Final testing, also required before registration, will take place Aug. 2."

Bishop urged students not to wait until the last day to make application.

"Those applying early will be given appointments for registration the earlier the application, the earlier the appointment. Early registration means a better selection of classes and easier completion of the desired schedule," he pointed out.

Bishop, who will be starting his 30th year with the college this fall, said that every year there are students who are bitterly disappointed because they miss the application deadline.

"We don't enjoy turning students away," Bishop said. "But we must stick to deadlines if the college is to be run in orderly fashion."

Special arrangements have been made by the college to allow application for evening classes up until registration, Aug. 15-18, but day students must meet the July 25th deadline to allow time for processing of records.

Enrollment at the college last fall was 3,000 day students and 1,500 evening students.

Maximum registration this fall has been set at 3,400 day students and 1,800 evening students by Dr. Harold C. Manor, president.

Dr. Manor has warned that a last-minute rush by large numbers of students, such as developed last year, could possibly result in some students being turned away this fall.

All prospective students who have not completed all application forms and received registration appointments should do so immediately, in order to assure their place in school this fall.

Revival Scheduled July 17-31

A revival is in progress at the Church of God of Prophecy in Pahokee, according to the pastor Rev. S. N. Allen. The revival started on July 17 and will be concluded the night of July 31, the pastor said.

Mrs. Christine Miskelly, state mission director, is bringing the special messages and is being assisted in the singing department by Miss Betty Baker who is leading the singing.

SOLICITOR GETS VACATION

Assistant County Solicitor Don Adams will be on active duty with his reserve unit from August 6 through August 21. He maintains a law office in Pahokee and attends his solicitor duties at the Glades Office Building on Monday and Thursday. Capt. Adams will spend his time at Camp Shelby, Miss.

First Cash For Building New Housing

The Pahokee Housing Authority has received approval of a \$57,500 preliminary loan for 400 new low-rent housing units to replace dilapidated and crumbling structures now being occupied by farm workers.

This action is a significant "first" in housing construction for farm workers, under the provisions of the U. S. Housing Act of 1937, according to Washington officials.

Present housing units occupied by farm workers, known as "shelters" were built prior to 1942—with a predicted life of 10 years at time of construction. They are in poor condition, without cooking facilities or indoor plumbing. Of the 491 families occupying these "shelters," 435 have an annual income of less than \$3,000. The rents to be charged in the proposed housing units will approximate the \$28-\$40 monthly rental these families now pay for their "shelters."

About 250 families are year-round residents. The rest live in Pahokee eight or nine months, doing farm labor elsewhere for three or four months during the year. Twenty per cent of the farm labor families are "elderly" by social security definitions.

Since 1958, the Pahokee Housing Authority has operated 115 units of low-rent public housing. The Authority wants to develop the 400 additional units for the many farm workers in the Farm Labor Supply Centers near Pahokee, who have no adequate housing.

Hugh Platt Inducted As Rotarian

Hugh Platt of Hugh Platt Chevrolet-Olds, Inc., in Pahokee became a new member of the Pahokee Rotary club on Thursday, July 7 at the regular luncheon meeting. Induction ceremony was under the direction of Past President Paul Rardin, a 32-year member of the club.

Mr. Platt recently bought out the Stanley Chevrolet Company in Pahokee and moved his wife and three children here from Plant City, where he conducted an automobile sales business for many years. He is a native Floridian.

Mrs. James Peace and son, Jimmy, left Wednesday to return to their home in Las Vegas, Nevada, after spending several weeks as the guests of her parents, Mr. and Mrs. Gary Sanders, in Pahokee.

\$122,710 Cash Allocated State Park

The new state park to be built on the dike at Pahokee is on the way and the state cabinet has allocated \$122,710.00 to build it. The City of Pahokee has authorized \$31,900 for sewer and water lines.

Initial development will include a 36-site, camping area with two camper convenience buildings containing rest rooms, hot and cold showers and laundry facilities. Electrical outlets will be available at several of the camp sites.

The swimming area will be complete with a combination bath house and rest room building. A spacious picnic grounds will provide tables and grills for 30 families, all overlooking the lake, and a rest room building will be provided at the picnic site.

The City of Pahokee will continue to maintain its marina in the center of the park. The Park site covers an area one mile long and 250 feet wide.

Apelgren Renamed To Corn Board

At the annual election of officers held by members of the Sweet Corn Exchange the same slate of officers, who had done such a good job for 12 months, were unanimously re-elected to their respective positions.

Robert D. Apelgren was re-named president for the upcoming year of 1966-67 and S. N. Knight of Belle Glade was named vice president. Wayne Hawkins of Orlando was elected assistant secretary and J. D. Colbert of Oviedo was chosen secretary-treasurer.

R. P. Robbins Passed Away Monday Nite

One of the finest county officials ever to serve Palm Beach county and its citizenry passed away Monday night when former County Judge Richard P. Robbins died at Good Samaritan hospital in West Palm Beach. The former judge was 73 and had been hospitalized several times during the past 12 months.

He was serving as town attorney for the Town of Palm Beach when he was first appointed county judge to succeed the late Judge C. E. Chillingworth who had been named circuit judge. Judge Robbins had opposition only three times in his long political career.

The judge was admitted to practice law in Florida in 1914 and before the U. S. Supreme Court in 1937. He is survived by his widow, Marie. They lived at 205 Sanford Avenue, Palm Beach.

Key West residents now receive their fresh water from a 135-mile pipeline, owned by the Navy, which carries six million gallons daily from Florida City into the lower keys.

Drug Chain Starts "War On Smut"

TAMPA, (FNS) Florida drug chain president Jack M. Eckerd has announced a ban on all "indecent literature" in the firm's 59 stores located throughout the state. He has also urged the public to join the "war on smut."

The Eckerd Drug Co. president, a father of six, said he was making the move because questionable magazines, paperback books and newspapers are readily available to children in a "family" drug store.

The action by the chain will eliminate about five per cent of the books and magazines now carried by Eckerd's.

Eckerd said a list compiled by the National Office for Decent Literature, a Catholic-orientated body in Chicago, and another list supplied by National Churchmen's Council, a Protestant group, will be the basis for dropping a book or magazine by the drug chain.

Now— U. S. Savings Bonds Pay More Interest

4.15% when held to maturity

*Higher interest on the
Bonds you already own, too!*

U.S. Savings Bonds are a better way to save than ever

Because now all Series E and Series H Bonds bought after December 1, 1965, will earn the new, higher interest rate of 4.15% when held to maturity. That's only 7 years for Series E—9 months quicker than before. All H Bond interest checks will be larger beginning in June 1966.

And your outstanding Bonds will earn more, too, from now on. So, you don't have to cash in your present Bonds to get the attractive new rate.

Ask about buying Bonds where you work or bank. For America's future. And yours.

"Today, none of us can remain aloof on the sidelines."

"Today, above all, is a time for all Americans to rededicate themselves to the spirit that animated the Minutemen of Concord—who serve as a symbol of the Savings Bond program. For today, as at the founding of our nation, it is freedom which is again at stake. Not all of us are called upon to fight in the jungles of Vietnam, but while our men are there, in the front lines of a distant land, none of us can remain aloof on the sidelines. We must all do our share—in every way we can—to support our men in Vietnam. One sure way is open to all Americans through the Savings Bond program."

Collins Papers To U. of So. Fla.

Presentation of LeRoy Collins' personal papers to the University of South Florida Library has been announced by President John S. Allen.

As Collins' public career continues, the collection will continue to grow, until in years to come, the Collins Papers will provide a source of study of America in the mid-Twentieth Century, according to Allen.

Collins' six-year term as governor is unprecedented in Florida history. He was governor when USF was created in 1956 as well as during the planning and construction of the first buildings. He also was featured speaker at the university's Opening Convocation in 1960.

The Collins Papers include not only his personal papers for the years 1955-61, they also include all his speeches made as president of the National Association of Broadcasters, as director of the Community Relations Service and as Undersecretary of Commerce. The collection includes radio and television tapes of his speeches and 50 manuscript boxes of personal letters, congratulatory letters and telegrams, guest books, photos, magazine articles by or about him, radio-television-news-paper press releases and speeches.

Two games of "Pin The Tail on the Donkey" were played and Suzie Johnson and Lois Zaccagnino won prizes. As each child left the party they were given a balloon and a box of cracker jacks.

Mrs. Paul Rardin, as Terri's godmother, was the special guest at the party.

Why should you buy U. S. Savings Bonds when there are so many other good investments?

To help your country is one answer—and a good one. But Bonds have other advantages that make them worth your consideration. For instance, they offer you just about the easiest way to save money, either with the Payroll Savings Plan where you just ask your employer to put part of your wages aside toward a Bond or through regular purchase of Bonds at your bank. Another unique advantage of U. S. Savings Bonds is the way they stick with you. You can get your money any time.

But if you're like most people, you'll hang on to your Savings Bonds for the big things you want in your future. And, of course, Bonds are a safe investment—as long as there's a United States of America. Which brings us back to your country again. Bonds help defend freedom at a time when the enemies of freedom are stronger than ever. Buy Savings Bonds. The banks or savings institutions that sell them don't charge you a penny for the service.
